Thank You

A lot of amazing people allow us to put on programs like this. First, we thank the administration whom without their support we could not host events like this that showcase our students. Second, we would like to thank our parent support group; the Centerville Music Boosters. These parents work tirelessly to provide for their students from things like fundraising, volunteering at events, and more. If you are not an active member, we encourage you to check them out. Thanks to Anthony Smith, our auditorium manager, for all of your help! Next, to Tami Scalzo and the Cafeteria Staff who made all of our cookies and provided the milk! Finally, a huge thank you to our custodial staff for keeping the facilities in phenomenal condition for our students and all our activities. Without all these people, our music programs would not be able to flourish.

To keep this program brief, calendar events were not included. The games and events we are attending are available on our website, centervillebands.com which can also be reached by the QR code below.
